CARATTERISTICHE TECNICHE / TECHNICAL CHARACTERISTICS

Imbottitura: Fodera interna in TNT, riempita con green-pvc e perle di polistirene.
Grazie alla diversa consistenza e peso delle perle in EPS, i cuscini Morfeo non perdono il loro volume, rimanendo stabili ed estremamente leggeri.
Federa esterna: Tessuto in maglia resistente e traspirante in poliestere. Prodotto adatto per uso outdoor, sfoderabile e lavabile. I tessuti vanno lavati a mano ad un massimo di 40°. Se necessario strofinare molto delicatamente. Risciacquare evitando di torcerli. Non stirare. Non lavare a secco.
La dicitura green-pvc indica che non vengono usati additivi contenenti metalli pesanti e sostanze considerate pericolose.

Padding: TNT inner lining filled with green-pvc and polystyrene pearls.
Due to the different consistency and weight of EPS pearls, the Morfeo pillows do not lose their volume, remaining stable and extremely light.
Outdoor cover: weaved in polyester transpiring resistant fabric.
Suitable for outdoor use, removable and washable. The fabrics must be washed by hand at a maximum of 40°. If necessary, rub very gently. Rinse avoiding ringing out.
Do not iron. Do not dry-clean.
The term green-pvc indicates that no additives containing heavy metals and dangerous substances are used.

CARATTERISTICHE TECNICHE / TECHNICAL CHARACTERISTICS

Struttura in alluminio verniciato a polveri epossidiche in 3 colori, abbinata alla seduta e al parasole, ove previsto, in textilene in 3 colori. Le ruote ove previsto sono nere per i colori gunmetal 223 e metallic sand grey 358, bianca per il colore bianco 117. Il materassino, sfoderabile, in tessuto idrorepellente SUNBRELLA con imbottitura in schiuma poliuretanica racchiusa in una membrana impermeabile, ma traspirante. Impilabile per 4. L'utilizzo delle cover optionali è consigliato per una protezione supplementare durante la stagione invernale o periodi di inutilizzo prolungato, per la notte e per precipitazioni abbondanti. La cover impermeabile è realizzata in poliestere in colore grigio. Una regolare pulizia è consigliata per mantenere il prodotto in buone condizioni.

3 colors epoxy powder painted aluminum frames, combined with the textilene seat and awning where provided. The wheels, if provided, are black for the gunmetal 223 and metallic sand grey 358 colors and white for the white 117 color. The water-repellent upholster-removable mattress is in SUNBRELLA fabric, with polyurethane foam padding in a waterproof but breathable lining. Stackable by 4 pcs. The use of optional covers is recommended for additional protection during the winter season or periods of prolonged inactivity, for the night and for heavy rainfall. The waterproof cover is made of polyester in gray color. Regular cleaning is recommended to keep the product in good condition.

CARATTERISTICHE TECNICHE / TECHNICAL CHARACTERISTICS

Seduta in Poleasy® con ottime proprietà meccaniche, stabilizzato UV per applicazioni esterne. Privo al 99% di porosità superficiali.
Sistema modulare per diverse combinazioni. Imbottitura in Dryfeel, drenante e traspirante, antibatterico e antimuffa. Asciugatura più veloce rispetto ad una tradizionale schiuma per imbottitura.
Imbottitura rivestita in tessuto poliolefinico idrorepellente completamente sfoderabile.
Prodotto da assemblare. Ferramenta inclusa.
Struttura portante in alluminio anodizzato argento satinato.

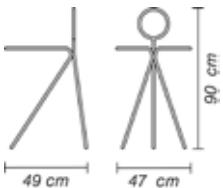

Structure in Poleasy, with excellent mechanical properties, UV stabilized for outdoor applications. It is 99% lacking of surface porosity.
Modular system for different combinations. Dryfeel, drainable and transpiring, antibacterial and anti-mould. Quicker drying compared to a traditional padding foam. Padding upholstered in polyolefinic fabric, water-repellent and completely removable. Product to be assembled. Hardware included.
Supporting structure in anodized aluminium plated silver.

CARATTERISTICHE TECNICHE / TECHNICAL CHARACTERISTICS

Intreccio ad eliche in green - pvc, poliestere. Filato da 2,2 mm.

Prodotto adatto per uso outdoor, lavabile. I tessuti vanno lavati a mano ad un massimo di 40°, se necessario strofinare molto delicatamente. Risciacquare evitando di torcerli. Non stirare, non lavare a secco. La dicitura green-pvc indica che non vengono usati additivi contenenti metalli pesanti e sostanze considerate pericolose.

Helix waved in green-pvc, 2,2 mm yarn.

Item suitable for outdoor use, washable. The fabrics must be washed at maximum 40° temperature, if necessary, rub very gently. Do not iron. Do not dry-clean. The term green-pvc indicates that no additives containing heavy metals and dangerous substances are used.

CARATTERISTICHE TECNICHE / TECHNICAL CHARACTERISTICS

Lampada Joy lampione / piantana:

Diffusori in poleasy con ottime proprietà meccaniche, stabilizzato UV. Privo di porosità superficiali al 99%.

Struttura in alluminio ø4 cm, basamento in acciaio 316, verniciati a polvere epossidica per una massima resistenza alla corrosione da agenti esterni, nel colore rame.

Per Joy piantana: zavorra in marmo ø20x35 cm Trani Filetto Rosso lavorata in tornitura e levigata per esaltarne le venature dal peso di 30 kg.

Per Joy lampione: necessario fissaggio a terra tramite tasselli avvitati al basamento, ma non forniti con la lampada.

Illuminazione: Led 45W 110/240V 24V 3000K 5000 lm.

Indice di protezione: IP44 con spina o IP66 con connettore stagno.

Lunghezza cavo: 2,5 mt.

Joy pathway lamp post / standing lamp:

Poleasy diffusers with excellent mechanical properties, UV stabilized. Free of 99% surface porosity.

Structure in aluminum ø4 cm, basement in stainless steel 316 type, epoxy powder coated for maximum resistance to corrosion by external agents, copper coloured.

Joy standing lamp: Trani Filetto Rosso marble ballast ø20x35 cm worked in turning and smoothed to enhance the grain, weighing 30 kg.

Joy pathway lamp post: necessary ground fixing by means of anchors screwed to the basement but not supplied with the lamp.

Lighting: Led 45W 110 / 240V 24V 3000K 5000 lm.

Protection index: IP44 wit plug or IP66 with waterproof connector.

Cable length: 2,5 mt.

Cover realizzata in poliestere con superficie esterna resinata che garantisce le proprietà idro-oleorepellenti fondamentali per proteggere gli articoli in ambiente esterno. Colore grigio.

Cover made of polyester with external resin surface that guarantees the water-oil repellent properties fundamental to protect the items in the external environment, in gray color

Peso tessuto / Weight : gr/m² 180 (± 5%)

Composizione / Composition : 100% poliestere

Impermeabilità / Impermeability : ISO5 (100) - UNI EN 24920

Colonna d'acqua / Water column : mm > 1000 - UNI EN 20811

Resistenza alle pieghe / Crease resistance : n° cicli / cycles >= 100.000 a - 20°C - UNI 4818

Avvertenze / Warning : Si raccomanda di porre la parte resinata verso l'esterno / we recommend to put the coated site outside

SCHEDA TECNICA / TECHNICAL CHARACTERISTICS

AL: Alluminio verniciato a polveri epossidiche in 3 colori.
3 colors epoxy powder painted aluminum frames.

GR: Gres porcellanato in tre colori dallo spessore di 12mm
Gres stoneware in 3 colours 12mm thickness

TX: Textilene resistente ai raggi UV in 3 colori
Textilene resistant to UV rays, in 3 colours

GS: Struttura in Poleasy ® con ottime proprietà meccaniche, stabilizzato UV per applicazioni esterne. Privo al 99% di porosità superficiali. 100% riciclabile.
Structure in Poleasy ® with excellent mechanical properties, UV stabilized for outdoor applications. It is 99% lacking of surface porosity. 100% recyclable.

LV: Struttura in Poleasy ® con verniciatura laccata.
Structure in Poleasy ® with glossy painting.

OS: Struttura in Poleasy ® con verniciatura a effetto ossidato
Structure in Poleasy ® with oxidized effect painting

OV: Struttura in Poleasy ® con verniciatura diretta sulla superficie liscia o ruvida del prodotto.
Structure in Poleasy ® with direct painting on the smooth or rough surface of the product
